Reconstruction of phrenic neuron identity in embryonic stem cell-derived motor neurons

Carolina Barcellos Machado, Kevin C. Kanning, Patricia Kreis, Danielle Stevenson, Martin Crossley, Magdalena Nowak, Michelina Iacovino, Michael Kyba, David Chambers, Eric Blanc and Ivo Lieberam

There was an error published in *Development* **141**, 784-794.

In the supplementary data originally published, the supplementary Materials and methods section was missing. The correct version now appears online.

We apologise to the authors and readers for this mistake.
