

Subject Index

- Acheta domesticus**
 (see Cricket)
- Actin**
 changes in distribution during fertilization of mouse egg: MARO, JOHNSON, PICKERING & FLACH 211
- Activation wave**
 structural basis in egg of *Xenopus laevis*: TAKEICHI & KUBOTA 1
- Aggregation**
 between preimplantation embryos and teratocarcinoma-derived cells: LEHTONEN, WARTIOVAARA & REIMA 17
- Ambystoma mexicanum**
 melanoid mutant
 pigmentary system: FROST, EPP & ROBINSON 127
 wild type
 pigmentary system: FROST, EPP & ROBINSON 105
- Amphibia**
Pleurodeles waltl
 blood cell ontogeny: DEPARIS & JAYLET 37
- Antigen**
 differentiation
 of mouse spermatogenesis: BECHTOL 93
- Apolipoprotein**
 expression by murine yolk-sac endoderm: SHI & HEATH 143
- Area pellucida**
 role of elongation in formation of somites in avian embryos: STERN & BELLAIRS 75
- Axolotl**
 melanoid mutant
 pigmentary system: FROST, EPP & ROBINSON 127
 wild type
 pigmentary system: FROST, EPP & ROBINSON 105
- Blood cell ontogeny**
 role of endoderm in *Pleurodeles waltl*: DEPARIS & JAYLET 37
- Cell cycle**
 analysis of facial mesenchyme in chick embryo: MINKOFF 49
 MINKOFF & MARTIN 61
- Cell relationships**
 during aggregation between mouse embryos and carcinoma (EC) cells: LEHTONEN, WARTIOVAARA & REIMA 17
- Chick**
 blastoderm
 effect of microtubule inhibitors on expansion of hypoblast: MAREEL, BELLAIRS, DE BRUYNE & VAN PETEGHEM 273
 embryo
 cell cycle analysis of facial mesenchyme: MINKOFF 49
 MINKOFF & MARTIN 61
 development of iris - a study using immunocytochemistry: FERRARI & KOCH 153
 differentiation of irideal muscles *in vitro*: FERRARI & KOCH 169
 role of Hensen's node in somite formation: STERN & BELLAIRS 75
- Chimaera**
 between preimplantation embryos and teratocarcinoma-derived cells: LEHTONEN, WARTIOVAARA & REIMA 17
- Chondrogenesis**
 cell cycle analysis in chick embryo: MINKOFF & MARTIN 49
- Chromatophores**
 in developing wild-type axolotls: FROST, EPP & ROBINSON 105
- Cinematography**
 of activation wave in egg of *Xenopus laevis*: TAKEICHI & KUBOTA 1
- Cnidaria**
 retinoids and pattern formation in a hydroid: MULLER 253
- Colour pattern**
 modification by coldshock in Lepidoptera: NIJHOUT 287
- Concanavalin A (Con A)**
 surface binding during fertilization of mouse eggs: MARO, JOHNSON, PICKERING & FLACH 211
- Cortical**
 histogenesis in the ferret: McSHERRY 239
- Cricket**
 structure of supernumerary leg regenerates: FRENCH 185

- Cytochalasin D**
effect on fertilization events in mouse egg:
MARO, JOHNSON, PICKERING & FLACH 211
- Egg**
mouse
changes in actin distribution during fertili-zation: MARO, JOHNSON, PICKERING & FLACH 211
- Embryonal carcinoma**
cells aggregated with preimplantation mouse embryos: LEHTONEN, WARTIOVAARA & REIMA 17
- Endoderm**
expression of apolipoprotein in mouse yolk sac: SHI & HEATH 143
role in blood cell ontogeny in *Pleurodeles walti*: DEPARIS & JAYLET 37
used in chimaeras between embryo cells and embryonal carcinoma cells: LEHTONEN, WARTIOVAARA & REIMA 17
- Epiboly**
effect of microtubule inhibitors in chick blastoderm: MAREEL, BELLAIRS, DE BRUYNE & VAN PETEGHEM 273
- Eye**
development of iris in chick embryo – immunocytochemical study: FERRARI & KOCH 153
differentiation of chick irideal muscles *in vitro*: FERRARI & KOCH 169
- Facial mesenchyme**
cell cycle analysis in chick embryo: MIN-KOFF 49
MINKOFF & MARTIN 61
- Ferret**
mapping of cortical histogenesis: McSHERRY 239
- Fertilization**
of mouse egg – changes in actin distribution: MARO, JOHNSON, PICKERING & FLACH 211
- Germ cell**
a cell-surface differentiation antigen of mouse spermatogenesis: BECHTOL 93
- Hensen's node**
role in somite formation in avian embryo:
STERN & BELLAIRS 75
- Histogenesis**
in cortex of ferret: McSHERRY 239
- Hydractinia echinata**
retinoids and pattern formation in a hydroid: MÜLLER 253
- Hypoblast**
effect of microtubule inhibitors on expansion in chick blastoderm: MAREEL, BELLAIRS, DE BRUYNE & VAN PETEGHEM 273
- Immunocytochemistry**
differentiation of chick irideal muscles *in vitro*: FERRARI & KOCH 169
study of development of iris in chick embryo: FERRARI & KOCH 153
- Immunohistochemistry**
apolipoprotein expression by murine visceral yolk sac endoderm: SHI & HEATH 143
- Insect**
cricket
structure of supernumerary leg regenerates: FRENCH 185
- Iris**
differentiation of chick irideal muscles *in vitro*: FERRARI & KOCH 169
immunocytochemical study of muscle differentiation in chick embryo: FERRARI & KOCH 153
- Leg**
cricket
regeneration in cricket: FRENCH 185
- Lepidoptera**
colour pattern modification by coldshock: NIJHOUT 287
- Mammals**
mapping of cortical histogenesis in the ferret: McSHERRY 239
- Mapping**
of cortical histogenesis in the ferret:
McSHERRY 239
- Melanoid mutant**
of axolotl – analysis of pigmentary system:
FROST, EPP & ROBINSON 127
- Mesenchyme**
cell cycle analysis in chick embryo: MIN-KOFF 49
MINKOFF & MARTIN 49
- Mesoderm**
primitive streak
formation of somites in avian embryo:
STERN & BELLAIRS 75
- Microtubules**
effect of inhibitors on expansion of hypoblast of chick blastoderms: MAREEL, BELLAIRS, DE BRUYNE & VAN PETEGHEM 273

Migration

of chick hypoblast cells – role of microtubule complex: MAREEL, BELLAIRS, DE BRUYNE & VAN PETEGHEM 273

Monoclonal antibody

used to study cell-surface differentiation antigen of spermatogenesis: BECHTOL 93

Mouse

egg

changes in actin distribution during fertilization: MARO, JOHNSON, PICKERING & FLACH 211

embryo

a cell-surface differentiation antigen of spermatogenesis: BECHTOL 93

aggregation with teratocarcinoma-derived cells: LEHTONEN, WARTIOVAARA & REIMA 17

apolipoprotein expression by yolk sac endoderm: SHI & HEATH 143

Muscle

differentiation in chick embryo iris development: FERRARI & KOCH 153

differentiation of chick irideal muscles *in vitro*: FERRARI & KOCH 169

Mutant

melanoid

of axolotl – analysis of pigmentary system: FROST, EPP & ROBINSON 127

Nocodazole

effect on expansion of hypoblast and epiboly in chick blastoderm: MAREEL, BELLAIRS, DE BRUYNE & VAN PETEGHEM 273

Organ culture

differentiation of chick irideal muscles *in vitro*: FERRARI & KOCH 169

Pattern formation

effect of retinoids in a hydroid: MÜLLER 253

in formation of somites in avian embryo: STERN & BELLAIRS 175

modification of colour pattern by coldshock in Lepidoptera: NIJHOUT 287

Phenocopy

colour pattern modification by coldshock in Lepidoptera: NIJHOUT 287

Pigment cells

in developing wild-type axolotls: FROST, EPP & ROBINSON 105

of melanoid phenotype axolotls: FROST, EPP & ROBINSON 127

Pleurodeles waltli

blood cell ontogeny
role of endoderm cells: DEPARIS & JAYLET 37

Precis coenia

colour pattern modification by coldshock: NIJHOUT 287

Primitive streak

formation of somites in avian embryos: STERN & BELLAIRS 75

Pteridines

in developing wild-type axolotls: FROST, EPP & ROBINSON 105

of melanoid phenotype axolotls: FROST, EPP & ROBINSON 127

Regeneration

in a hydroid – effect of retinoids on pattern formation: MÜLLER 253

of supernumerary legs in the cricket: FRENCH 185

Regression

of Hensen's node – role in formation of somites in avian embryo: STERN & BELLAIRS 75

Retinoids

and pattern formation in a hydroid: MÜLLER 253

Scanning electron microscopy (SEM)

of activation wave in egg of *Xenopus laevis*: TAKEICHI & KUBOTA 1

study of development of iris in chick embryo: FERRARI & KOCH 153

Somite segmentation

in avian embryos – role of node regression and elongation: STERN & BELLAIRS 75

Spermatogenesis

in mouse – a cell-surface differentiation antigen: BECHTOL 93

Stem cells

development in blood of *Pleurodeles waltli*: DEPARIS & JAYLET 37

Supernumerary leg

structure in the cricket: FRENCH 185

***Vanessa* species**

colour pattern modification by coldshock: NIJHOUT 287

Xenopus laevis

egg

structural basis of activation wave:
TAKEICHI & KUBOTA 1**Yolk-sac endoderm**expression of apolipoprotein in the mouse:
SHI & HEATH 143
